PAVELAS BULATOVAS

Software Developer

SUMMARY

Results-driven Software Developer with 1+ years of experience in Web Development. Seeking a Web Developer role to leverage expertise in Javascript and problem-solving to deliver innovative solutions.

WORK EXPERIENCE

Software Engineer at 100devs, Los Angeles, CA

MAY 2023 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured web applications using MERN stack
- Applied agile methodologies like SCRUM for project management

Recent Projects:

Scuba Logger – A full-stack web app that allows users to log their scuba diving experiences. Built using MongoDB, Express.js, EJS, and Node.js (MEEN stack). Styled with Tailwind CSS fo a cohesive and responsive design.

Amazing Portfolio – A portfolio website encompasses various projects and experiments that demonstrate my skills and creativity, especially highlighting my React.js skills.

Full Stack Web Developer Freelancer | Vilnius, Lithuania

June 2023 — Present

Created static websites for different clients across small and medium-sized businesses. Also, consulted on SEO and social media strategy. Some clients included:

Actual Client - Indrė Drūtytė, https://kalbosdelione.lt/

Business Analyst at Ondato | Vilnius, Lithuania
